PARENT NEWSLETTER OF LAVEEN ELEMENTARY SCHOOL • DECEMBER, 2022

---

Dear Parents and Guardians,

**Persistence and perseverance are important skills to develop and practice.**

Think back to a time when completing a hard or challenging task required you to follow every step to perfection in order to achieve success (like assembling IKEA furniture or doing your taxes). Chances are your brain automatically utilized some pretty specific reading behaviors. Maybe you read all the directions before you started to get an overall scope of the process. As you began, you probably reread certain steps multiple times. When your brain sensed some frustration, you might have taken a break and then jumped right back into the process.

Because you wanted to complete the entire task successfully, you used your reading strategies, but you also used your skills of persistence and perseverance to power through until you were satisfied, even if you experienced frustration along the way.

**However, reading strategies don't work if a child isn't motivated to finish the process.** Many students lack experience with persistence and perseverance. They haven't been asked to complete challenging tasks from start to finish, making persistence and perseverance unfamiliar feelings. Plus, we all know that when feelings are new, they are often overwhelming. **It doesn't mean kids are lazy... it means they haven't practiced these life skills... yet.**

As parents, engage your children in opportunities for what educators call a **"productive struggle."** Essentially, this is when a task is challenging and requires some grit to continue. They struggle through until the hard task is completed.

If your child persists and perseveres through a difficult task (either mentally or physically), they'll be rewarded when success is reached. As adults, we know this is true only because we've experienced it over and over again in life. Children often haven't experienced this... **yet.**

**Let's work together at home and at school to teach our children the skills of persistence and perseverance by providing opportunities for them to productively struggle through difficult tasks all the way to the end.**

With gratitude during this holiday season,

*Dr. Robert Caplinger, Principal*

## LAVEEN SPIRIT WEAR - ORDER NOW FOR THE HOLIDAYS!

Visit [laveenspiritwear.com](http://laveenspiritwear.com) for all your spirit wear needs! Remember, students are welcome to wear spirit wear to school each week on “Spirit Wear Friday!” **Order your school spirit wear NOW for the holidays!** Ho, Ho, Ho!

## K-2 BOOKS & BREAKFAST EVENTS

We were pleased to welcome 2nd grade parents and guests (October) and 1st grade parents and guests (November) to our Books & Breakfast events in the cafeteria. Parents, grandparents, aunts and uncles joined their children for breakfast and then read books together and completed some fun table activities. Students took home the books to expand their home libraries and encourage future family reading. We look forward to welcoming our kindergarten parents and guests on Friday, December 16! **Harvey Hawk will see you there!**

## WHAT IS S.T.E.M?

**S.T.E.M.** is an acronym for **Science, Technology, Engineering and Math education**. It is an interdisciplinary approach that helps students succeed in college and in their future careers. The focus of S.T.E.M. education is hands-on, problem-based learning. Laveen Elementary is currently working with Northern Arizona University as a designated **“S.T.E.M. Focus School for the Future.”** Laveen was selected from among other Arizona schools to receive special funding to advance S.T.E.M. integration across all grade levels.

In January, our S.T.E.M. leadership team (Jessica Suri, 5th grade science; Logan Wasie, 6th grade science; Ken Cline, 7th/8th grade science; and Luke Smith, S.T.E.M. electives) will begin working with all teachers, K-8, to integrate the principles of “problem solving” across all subjects to best prepare our students with the skills needed for their futures!

## CAREER EXPLORATION

Our 3rd - 8th grade students have been exploring their futures by viewing different career options. This new program, **“Virtual Job Shadow,”** has taken career exploration to a whole new level by connecting academics to the real world. Our students have been very engaged with the real life video footage from many careers and activities they use to gauge their interests in their career paths. Students have also touched on college, the levels of education, as well as important alternatives, such as trade schools.

Thank you to our two school counselors, **Mrs. Romero** and **Mr. Murray**, for teaching lessons in classrooms and engaging students in career exploration! **Thank you, school counselors!**

## CANNED FOOD DRIVE ENDS DECEMBER 9

**The Laveen Elementary School Community Service Club** is holding a schoolwide Canned Food Drive through December 9. Students are encouraged to bring in canned food donations and drop them off in their homeroom collection boxes. The collected food will be donated to St. Mary’s Food Bank in Phoenix.

**The Laveen Booster Club** will thank the top collecting homerooms with some fun classroom parties before winter break. **Thank you, Hawks!**

## ORDER YOUR CHILD'S YEARBOOK

Our yearbook class is working hard to create a yearbook that includes all students and captures the best memories of the 2022-23 school year! Yearbooks must be pre-ordered. If you haven't purchased your child's yearbook yet, **please click below or copy/paste the order link into your browser.** If you have any questions, please contact our yearbook advisor, Alyssa Morrison at [amorrison@laveeneld.org](mailto:amorrison@laveeneld.org).
